DIMENSION CORRECTION FEE - \$10.00 Per Correction

Each publication has it's own dimensions and with each ad and each publication comes a number of "Reworkings" that have to take place in order for your photographs and content to fit neatly within the printing and cropping specs (Dimensions) of each publication. This can take a minimum of a half an hour to correct and perfect.

POSTERIZATION FEE - \$50.00

Many of my clients like to take their 8.5x11 Ads and turn them into 20x30 Posters! Once again, unfortunately, this takes a significant amount of time to correct and re-establish the boundaries of the photographs and content.
